Social Media Can Be an Excellent Resource

Ryan Montgomery - one of Paige's personal faves

Consider social media an excellent source of current information!

Once you follow one account, the algorithms will start showing you more helpful content!

Recap

1. Introduction

2. Evolving Threat Landscape: Old School to New School

3. AI-Powered and Emerging Threats

4. Cyber Safety Best Practices

5. Resources

SecureLabs

This deck has been redacted to include only the resources. If you'd like to discuss the full presentation or if I can be of assistance, please feel free to reach out.

Thank you!
